### Frieze London: Advisory Selections

By Rory Mitchell | London, 12 October 2021

**A**utumn is in the air in London, and the city is buzzing with cultural activity. After a year's absence, sister fairs Frieze London and Frieze Masters return to Regent's Park. We select a handful of favourites from the former, where over 150 galleries will present contemporary art from across the globe between 13 and 17 October 2021.

#### Danielle Mckinney at Night Gallery

Born in 1981 in Montgomery, Alabama, Danielle Mckinney graduated with an MFA in Photography from the Parsons School of Design before settling in New Jersey.

For the past 20 years, photography has been Mckinney's primary creative outlet. However, lockdown encouraged her to put her camera on hold in favour of painting, which she has kept up throughout her artistic career.

Having had her first solo exhibition at Night Gallery in the summer, the gallery will be showing two paintings by the artist in their Frieze presentation. Both produced in 2021, the works capture intimate moments of self-reflection tinged with colourful hues.
